

OXY-MIST ABSORBERS

For Longer Shelf Life

SILICA GEL - Moisture Absorber

SILICA GEL is the ultimate moisture-fighting solution for your product that needs to stay dry. It absorbs moisture quickly & effectively to prevent corrosion, mold & other moisture damage.

Silica gel is the perfect solution for keeping products moisture-free during shipping & storage. Plus, it's non-toxic, chemically inert making it a safe, smart, cost effective and choice.

Don't let moisture ruin your products – trust the power of silica gel!

Get the peace of mind when you keep your product safe and dry with OXY-MIST® SILICA GEL.
